

The screenshot shows the PyCharm IDE interface. In the top navigation bar, it says "You are screen sharing" and "Stop share". The main window has a dark theme. On the left, there's a "Commit" sidebar showing changes to "UsoGit" branch, including 5 files in "Changes" and 1 file in "Unversioned Files". A "commit initial" message is selected in the commit list. Below the sidebar is a "Run" tool window showing the command "C:\Users\Guillermo\Proyectos\UsoGit\.venv\Scripts\python.exe C:\Users\Guillermo\Proyectos\UsoGit\main.py" and its output: "Hi, PyCharm". The status bar at the bottom right shows "24°C Mayorm. nublado", "8:38 AM", and the date "11/12/2025".

```
# This is a sample Python script.  
# Press Shift+F10 to execute it or replace it with your code.  
# Press Double Shift to search everywhere for classes, files, tool windows, actions, and settings.  
  
def print_hi(name):  # usage: new  
    # Use a breakpoint in the code line below to debug your script.  
    print(f'Hi, {name}')  # Press Ctrl+F8 to toggle the breakpoint.  
  
# Press the green button in the gutter to run the script.  
if __name__ == '__main__':  
    print_hi('PyCharm')
```
